About Peet's Coffee:

Peet's Coffee® is a U.S. specialty coffee company founded by Alfred Peet in 1966 in Berkeley, California. Mr. Peet grew up in the coffee trade and moved to America from Holland after World War II. His coffee style was unlike anything Americans had ever tasted before—small batches, fresh beans and a superior quality roast that is rich and complex. Mr. Peet's influence on the artisan coffee movement inspired a new generation of coffee entrepreneurs, including the founders of Starbucks. Today, Peet's upholds its commitment to delivering a premium product by continuing to source the world's best beans, hand-roast in small batches, and craft every beverage by hand. Peet's also asserts a strict standard of freshness to ensure optimum flavor with a team that personally vets the freshness date on every bag and on every ready-to-drink (RTD) coffee available at over 15,000 grocery locations. Peet's is dedicated to growing its business through its retail, grocery, wholesale and e-commerce channels while maintaining the superior quality of its coffee and RTD beverages.
